## EXTRAS COVER

| Schemes                      | Prestige (package)                     | Top  | Intermediate | Essential |
|------------------------------|--|--|--------------|-----------|
| <b>Audiology Description</b> | 100% of cost up to the service benefit | 70 % of the cost up to the service benefit |              |           |
| <b>Initial Consult</b>       |  | \$60.00                                    |              |           |
| <b>Subsequent Consult</b>    |  | \$60.00                                    |              |           |
| <b>Annual Consult Limit</b>  | \$360                                  | \$360.00                                   |              |           |
| <b>Device Limit</b>          | \$2,200                                | \$1,600.00                                 |              |           |
| <b>Device Supply Cycle</b>   | 3 years                                | 3 Years                                    |              |           |

## Notes and Disclaimer - Check individual cover with the health fund.

1. Health funds listed at <https://www.privatehealth.gov.au/dynamic/insurer> . Extras information and Hospital cover accessed July 2021.
2. Information summarised in this table was accessed from each website.
3. Product brochures from Extras and hospital cover were downloaded from each site and information related to audiology and hearing devices was extracted.
4. IAA is not responsible for the accuracy of the information listed, which is intended as a guide only.
5. Accuracy of information is dependent on the information made available by the fund.

## HOSPITAL COVER

|                | <b>Basic Plus</b>   | <b>Limited (Bronze Plus)<br/>Active (Silver Plus)<br/>Comprehensive (Gold)<br/>Prestige (Package)</b>   |
|----------------|---|---|
| <b>Initial</b> | Covered only as a private patient in a public hospital (shared room). Theatre fees may apply. | Cover for implantation of hearing devices, at least to the no gap fee specified in the prosthesis list. |
| <b>Repair</b>  |   | Not Specified   |

**Sound Processor Upgrades / Replacements** do not require admission to hospital and fall outside of the benefit for implantation of hearing devices.

Replacements / upgrades will usually require pre-approval based on a clinical reason or evidence that a device is no longer working, is not repairable, and is out of warranty. Processors are not usually routinely replaced either because they are out of warranty or because newer products have become available.

The process for securing health fund cover for replacement or upgrades is as follows:

1. Download the request form from [https://www.ahsa.com.au/web/hospitals/ahsa\\_forms/speech](https://www.ahsa.com.au/web/hospitals/ahsa_forms/speech)
2. Audiologist completes the request form and provides supporting evidence of clinical benefit, supplier evidence that an aid cannot be repaired)
3. Email both the form and the evidence to: [help@cbhs.com.au](mailto:help@cbhs.com.au)  
Put the patient's fund membership number in the subject line, indicating this is an Exgratia Request, patient's CHBS membership number, for att: Hospital Claims team.
4. The fund will provide a decision about whether they will fund replacement.
5. Once an approval notice has been issued by the fund, that notice and an order for replacement must be sent to the device supplier.
6. The device supplier will send out the replacement device to the audiologist.
7. The supplier will invoice the health fund directly.
